Let’s talk about health...

South East Staffordshire and Seisdon Peninsula Clinical Commissioning Group would like to talk to you about health...

We are hosting a series of public events over the summer, with a packed schedule of events coming to a town near you! Please see the dates and venues listed.

Why talk about health?

We want you to be part of an open conversation and help us to shape our direction and make decisions about local healthcare needs and services.

You will be able to find out more about what we do as a CCG and what the future may look like, and there will also be the opportunity to talk about what interests you about health including mental health and wellbeing, and the quality of local health services.

We would like to introduce our programmes of work, and hear your thoughts:

**Ageing well**  
How can we provide services that care for people in later life and support them to live full lives?

**Every interaction adds value**  
How can we ensure we treat patients efficiently and reduce waste?

**Joined up services**  
How can we improve the patient journey between services?

To book visit our Eventbrite profile or contact Sherry Samaan on 01827 306170.

Tea and coffee will be provided. Please let us know if you have any dietary needs.
